

Original request on July 29th 2022

On Fri, Jul 29, 2022 at 11:27 AM [REDACTED] **LTISD TAX PAYER** wrote:
I am requesting the final deliverable(s) from the consulting organization who prepared the Facilities Condition Assessment Reports for each of the current campuses.
Documents would include:

- Any report(s) or presentation(s), including cover letter and appendices or attachments, prepared by the consulting organization to fulfill the deliverable commitment(s) of the vendor proposal

The results of this assessment was used to build the content for the April 2, 2022 Facilities Tour that the Long Range Planning Committee took in preparation of the bond recommendation. I have not been able to determine consultant, RFP number or timeframe, but I assume it was in 2021 or early 2022.

This information should be posted on the Bond Page of the website, and provided to the Board, but asking here as a FOIA as I don't believe it has been provided to date.
Please acknowledge receipt of this request, and advise of any questions or concerns.

Response omits
the 2022
portion of the
original request.

Response on August 1st 2022

On August 1, 2022, the Lake Travis Independent School District ("District") received a Public Information Act ("PIA") request from you. The request that you submitted stated:¹

I am requesting the final deliverable(s) from the consulting organization who prepared the Facilities Condition Assessment Reports for each of the current campuses. Documents would include: Any report(s) or presentation(s), including cover letter and appendices or attachments, prepared by the consulting organization to fulfill the deliverable commitment(s) of the vendor proposal

Enclosed are responsive documents. However, the District believes that some of the responsive records includes confidential materials that cannot be released for reasons related to safety/security and propriety interests; therefore, the District must submit a request for an opinion to the Attorney General's Office. Enclosed with this letter is a copy of the letter sent to the AG's Office today.
